Remembrance Day Assembly

Gaia Project

- New Business- Sleeping homes on Forest Hill Rd – meeting for the community happened at Forest Hill School where they were able to ask questions to the group or share their concerns. A member asked what security measures were going to be put in place to keep the students safe? From what we've been told, there will be a full fence installed around the school, as well as have security cameras installed. A possibility of security on site was also mentioned.

November Principals Report

Closing Comments

Date of next meeting: January 15, 2026

Principal Report:

1. Beautiful Remembrance Day Assembly
 - student lead assembly
 - reading of poems in both English and French
 - Repeat after me – whole school
 - Explanation of what Remembrance Day is -by grade 5 students
 - poppies in a row- all students instead of our traditional wreaths being laid by each class.
 - artwork
 - What peace means to me – students shared their thoughts.
 - O Canada was sung in both English & French after being taught by Mrs. Shu in music class

2. Multicultural Association Presentation- Diversity – done in grade levels and was a superb assembly for each level. It is very engaging and truly helps students understand Diversity.
3. Grade 4 and 5 Student Survey-wellness survey- completed
4. Partners for Youth- Tom Carney- The program focuses on

- Leadership skills.
- Making new connections with peers in their school.
- Building on improved confidence, responsibility, mediation, and conflict resolution strategies.
- “Being a Sport3 leader” in their school.
- These skills help to build the student's ability to study and focus in the traditional classroom tasks
- What is Sport3?

Sport3 uses movement, and conversation to create a more interactive and engaging environment for students to dive into social emotional learning.

Sport3 will be held three times throughout the school year. A Partners For Youth facilitator will lead the program, working closely with the school's Sport3 Champion. The program will take place at school.

In partnership with the Lacross Foundation, Partners for Youth Inc., and your school, Sport3 offers a continued learning experience where students and teachers learn together.

Each year we have 3-4 students who are able to attend Mr. Carney's camp in the summer months, for free. It is such a wonderful & adventurous opportunity.

5. Gaia Project- Trash tracker waste audit last week with the Gaia Project. We will be receiving some class data and school data in the next few weeks, which may identify some areas of improvement for reducing our waste and therefore our carbon footprint at school. Students were able to look through our own trash we collected here during the days ahead. They were then to sort the trash into recyclables, compostable and trash. Excellent way for our students to see exactly how much waste we produce daily at school. We also had Let's Talk Science into our STEM classes where students have been able to work with robotics, coding and different science experiments.

6. Eco Schools- track and reward environmental actions that reduce energy and waste, raise awareness and incorporate environmental learning into curriculum. As part of [EcoSchools Canada](https://www.ecoschoolscanada.ca/) certification I would like to engage any colleagues interested in participating in additional climate actions.

Next meeting: Jan. 15, 2026

Tentative dates for meetings:

Feb. 26, 2026

Business from Previous Meeting:

Business Arising from the Minutes: We received a message from FHS regarding our upcoming winter concert. Their school reached out to us to let us know that due to their growth in school population, there is no parking available during the day. Their Admin is unable to support in helping park visitors for our concert and then deal with the damage that is caused from parking on football & soccer fields as well as grassy areas. They have requested that we consider an evening or weekend concert instead. This is not possible for us and for this reason, we have decided to move the concert back to our own school and hold 2 concerts – 1 at 9:00 and the second at 11:00. We will try to ask that last names A-L attend the first concert and M-Z attend the second. We will also ask families to bring 1 non-perishable food item as an entry to help with our Food Bank Food Drive.

Correspondence: None

Closing Comments: Happy Holidays everyone! We will see you again in 2026!!!

Date of Next Meeting: January 15, 2026

Adjournment: 6:40 pm

Motioned by : Bronwyn Casey, **seconded by:** Jenna Bailey
